

Assiniboia Cultural Asset Mapping & Planning Community Wide Meeting Invitation

Prince of Wales Centre (Board Room)

Tuesday, November 8, 5:30 – 7 pm

Everyone is welcome! A light supper will be provided.

Have Your Say!

- **How do you define culture?** The Town of Assiniboia has received a grant to begin Cultural Planning. The first step will be to define, together as a community, what culture means to Assiniboia.
- This process is achieved through **cultural asset mapping**, which will document all **amenities, features, stories, and buildings**, which are all cultural factors that contribute to the vitality of people living in Assiniboia.
- Information collected through this process will help us to **build a vision that reflects the vibrant expression of Assiniboia's unique culture**, including the tangible and intangible expression of values, traditions, and beliefs.

As a community member, your input into this process is most important.

Please join us and contribute to the cultural planning process!
